 ROYAL BAKING POWDER CO., NEW YORK.

Royal is absolutely pure and wholesome, the best in every way, of all the baking powders. It makes food of finest flavor, and adds anti-dyspeptic qualities thereto. It has greater leavening strength and is therefore the most economical.

## Local And Personal Notes

### Girl Baby

A fine nine pound baby arrived Sunday night at the home of Mr. and Mrs. F. Gates, of Youngblood hill. The addition to the family is a girl.

### Another Candidate

Word comes from Tucson that Owen T. Rouse, formerly United States attorney in Arizona and later a number of the territorial supreme bench, holding both positions under appointments from Grover Cleveland is a candidate for federal judge now. Judge Rouse declares that he has influential friends in Washington working for him and has well grounded hope that he will knock the judicial plum.

### Return To Cananea

About twenty persons who have been in Hahoe since the battle at Cananea returned to that city yesterday in automobiles. Everything is reported quiet in Cananea, though there is considerable trouble in getting freight in, as the railroad is still out of commission.

### Felis Sieppola

Felis Sieppola, a native of Finland aged 56 years, died Sunday morning at the C. and A. hospital. Death was due to diphtheria. He has no relatives in this city. Funeral arrangements will be made later.

### New Sign

A new sign, bearing the words "Police Court", has been put up in front of Justice High's office.

### Leaves for Home

After spending seven years in the Warren district, Tom Manich left yesterday for his first visit home. He is a resident of Trieste, Austria, and expects to settle there.

### Gradish Funeral

The funeral of Mike Gradich, who died on Saturday at the Copper Queen hospital, was held Sunday at the Palace Undertaking company chapel. Father Meuser officiated and interment was made in Evergreen cemetery.

### Injured On Drill

Burney Bradey was painfully though not seriously injured while working on the churn drill operating near the Naco road. He became entangled in the machinery and his back was wrenched. He was taken to the Copper Queen hospital.

### To Hospital

William Bonds was yesterday removed to the Copper Queen hospital, suffering from pneumonia.

### Council Meeting

A meeting of the city council will be held tonight at 8 o'clock. General business will come before the meeting.

### New Wall

The wall at the rear of the Phelps Dodge Mercantile company has been torn down and a wall half the height, with an iron fence on top, has been put up.

### Taxes Due

Yesterday the county school-poll taxes were due and Bisbeeites more or less cheerfully contributed \$2.50 to the county treasury.

R. Kelly, formerly editor of the Bisbee Review is in the city, coming here from his present home in Clifton on business.

William Van Wood, of the California Film company is in the city from Los Angeles.

M. J. Cunningham yesterday motored to Douglas.

A. W. Liddell, P. D. auditor is in the city from Douglas.

S. W. French, general manager of the Copper Queen at Douglas, is in the city on business.

Harold A. Elliott, of Ellinwood & Ross, left yesterday for Clifton.

R. S. Weiner has returned from a western business trip.

R. E. Kohler, a mining machinery man of El Paso, is in the city on business.

L. Huerta, a nephew of President Huerta, of Mexico, is in the city from Cananea on his way to Mexico City.

Juan Anaya, a business man of Cananea, is in the city.

## NOT MENTIONED OR FOREIGN POST

Thomas Nelson Page.

## CITY COMPLETES ITS CLEANUP CAMPAIGN

Now Up to Citizens to See That Rubbish Is Kept on the Move.

### WORK IS OUTLINED

With a few hours work this morning the city clean-up campaign will be ended in so far as cleaning streets and yards goes. Piles of the rubbish collected still remain to be removed. "Now that the clean-up is about ended," said Sanitary Inspector Perry yesterday, "it will be largely up to the public to see that the city remains in good condition. The sanitary ordinance, which was passed by the council, provides that each householder shall be responsible for his premises. This ordinance was effective March 1, but we have not enforced it until the clean up was completed. But tomorrow, April 1, and thereafter, the ordinance will be rigidly enforced. Everyone has been given ample time to comply with the provisions of it and it is now fully effective.

"One of the most important provisions, particularly with the approach of summer, is that pertaining to the keeping of live stock. Every owner of live stock within the city limits is required to maintain a fly tight manure box. The various specifications in the ordinance are all for the prevention of disease and the ordinance must be obeyed, or prosecutions will follow."

### NEWS FORECAST FOR THE WEEK

WASHINGTON, D. C., March 31.—The calling of a caucus of the progressives of the house for organization next Wednesday comes as a forcible reminder of the fact that the congress about to assemble will be composed of three distinct parties, for the first time in the history of the nation. The progressives are expected to name Victor M. H. H. of Kansas as their choice for the Speakership. The republicans of the house will caucus Saturday and will name Representative Mann of Illinois for Speaker.

Municipal elections involving important local issues will take place during the week in Chicago, St. Louis and several other large cities. Forty cities and towns of Wisconsin will vote on the question of statehood, while the voters of Fargo, N. D., Racine, Wis., Durham, N. C., and several other places will ballot on a proposal to adopt the commission form of government.

Woodrow Wilson, Mrs. Thomas R. Marshall, Mrs. Champ Clark and the wives of cabinet officers are to be the guests of honor at a breakfast in the capital on Saturday. The affair is to be non-partisan in character and is designed to give the Washington official and unofficial circles an opportunity to meet the wife of the president, the vice president and other women of the new administration.

The wedding of Miss Ethel Carey Roosevelt, daughter of Colonel and Mrs. Theodore Roosevelt, and Dr. Richard Derby, of New York city will take place Friday morning in the Episcopal church at Oyster Bay. The ceremony will be followed by a reception at the Roosevelt residence on Sagamore hill.

The sister ship of the Imperator, the largest ship in the world, is to be launched Thursday at Hamburg and will be christened Europa. The Europa will be 350 feet long and 100 feet beam. Both vessels are to be employed in the trans-atlantic service of the Hamburg-American line.

The professional baseball season of 1913 will be ushered in Tuesday with the first championship games of the Pacific coast league. Portland will open at San Francisco and Los Angeles and Oakland at Sacramento.

The seventeenth annual meeting of the American Academy of Political and Social Science will be held in Philadelphia Friday and Saturday and will be devoted principally to a discussion of "The Cost of Living in the United States." Other notable gatherings of the week will be the Episcopal Church congress at Charleston, S. C., and the Mississippi Valley Suffrage conference, at St. Louis.

### NOTES INFLUENCING THE DAY

(To Levy Bros. from Eastern Correspondents.)

Dr. Allen Starr of New York attributes the death of J. P. Morgan to emotional breakdown, caused by the strain of the Pujo Money Investigating committee.

The Ohio river continues to rise. Situation in Dayton and Columbus

## WESTERN UNION WILL CARRY FUNDS FREE

Money May Be Forwarded to Flood Sufferers without Any Charge.

In order to assist in the raising of subscriptions in the flood districts in Ohio and Indiana, the Western Union is transmitting subscriptions free, when addressed to recognized relief committees. Notice of this action has been received by the local telegraph office.

The local office has also received notification that the telegraph lines are working in practically all sections of the flood zone, with the exception of crippled wires into Columbus, Hamilton and Dayton. Those cities are in communication with the outside world, but only single lines are in operation and are badly congested. Every effort is being made to increase the service.

The local office has also received word that the only line open to Mexico is via the company cable from Galveston to Vera Cruz, and thence to Mexico City. The lines at Arapa Prieta, Nogales, El Paso, C. P. and all other border points are closed. The wire is working a short distance below El Paso and efforts are being made to open it as far as Chihuahua.

## TOM REED'S OWNER TALKS

Among the mining engineers, promoters and owners of Arizona mining authorities who have been in Phoenix appearing before the legislature upon the matter of mine taxation, was Charles Grimes, chief owner and the man who made the famous Tom Reed mine of Mohave county. Wherever the mining of gold is known the Tom Reed is known. It is perhaps, the most productive gold mine in the country. In many ways, and the success of the mine from the very start is largely accredited to the owner, Charles Grimes.

With him in Phoenix was the superintendent and general manager of the property, S. S. Jones. This official of the Tom Reed has been with the company since the work started. The owner of the property in speaking of the general manager and the success of the mine declared that one went with the other in the instance of the Tom Reed.

"Strong men," said Grimes, "working every minute, with the idea of success and 'never quit' are what makes mines succeed. Jones is one of them and I firmly believe that without the help of my present operating head the Tom Reed would not be what it is today.

The Tom Reed is a big dividend payer. It is producing now at the rate of from \$80,000 to \$100,000 per month. The stock of the company is selling for three times the original par value. When he was prospecting and developing in the early days on a beef and bean diet Grimes was hawking shares for money to go ahead at fifteen cents a share. The plant of the Tom Reed is regarded as the best of its character in the state of Arizona, and needless to say is one of the best in the state from the viewpoint of the stockholders.

The Tom Reed owner is just as enthusiastic for the entire section in which he lives as he is for the general success of the Tom Reed. He declares Mohave county has a great future in every direction. According to Grimes the mining activity of the county has never been greater than it is at the present time and all things point to the improvement of the situation due to the successful operation of many properties which are in the first stages now.

"All we want is just what is fair," said the Tom Reed owner when asked about his opinion on the tax situation. "I think the state realizes that a great amount of the success of Arizona belongs to the mining industry and I am sure that the legislature, in an honest endeavor to tax the properties of the state equitably, will not prejudice the present or the future chances of making Arizona not only the greatest copper state, which she is at present, but also the greatest mineral state in every way in the country."

### WITHDRAW BATTLESHIP

WASHINGTON, March 31.—Conditions in Mexico, at least on the Gulf coast and near the capital, have become sufficiently reassuring to warrant the United States withdrawing some of the naval force maintained at Vera Cruz and Tampico. The Nebraska at Tampico was ordered today to Boston navy yard for overhauling.

Washington special says conservatism will mark course of Senate committee on banking and currency in new Congress. This is program of new chairman, Senator Owen.

Improves. Washington dispatches say that steel rails and iron ore are to be freed under the new tariff bill.

Prospect of an early peace in the Balkan states gives confidence to the Berlin market.

Germany is to spend \$3,750,000 for an air fleet.

Morgan's death did not affect the market to any great extent and we think that it has been discounted by so many things that no great effect will be shown and if anything money should be in much better shape.

## DEPUTY GANNON IS BACK FROM TUCSON

Went in Search of Thieves Who Robbed Gilman Store — Gets Two Watches

Deputy Sheriff "Red" Gannon returned to the city yesterday from Tucson, where he went in search of the jewelry recently stolen from the L. L. Gilman jewelry store.

The robbery of the jewelry store was not discovered until 24 hours after it occurred, and for this reason the officers had a hard time in getting on the track of the thief. Mr. Gannon, with others, worked on the case, and finally discovered that a number of watches stolen had been disposed of in Tucson. He went there and recovered two of them, valued at more than \$100. The watches had been pawned. Mr. Gannon also made a trip to Phoenix on the trail of the stolen goods, but was unable to locate any of them there.

DANCE FAIR HALL, FRIDAY 5TH. After lessons. Good music. Nice crowd expected and will be run under best instructions. Williams & Clark, instructors.—Advertisement.

Federal authorities will shortly announce change in lifeboat rules whereby ships carrying wireless will not be required to carry lifeboats sufficient for all passengers.

BAD CUSTOM AS IT IS A BAD STYLE.

Alright for landlords but tough on tenants. Do you want to break this "tie that binds" you to this useless obligation? You can do it alright with a little assistance from us. We are willing and anxious to aid you to own a HOME OF YOUR OWN.

This is a long step in the right direction. Don't delay, but take it at once.

## The Taylor's Cyclone Store Co.

Succeeds  
 Mr. Earl D. Hammack

We are pleased to announce to the people of Bisbee that we have purchased the stock, fixtures and good will of Mr. Earl D. Hammack, who has been proprietor of the

PLAIN PRICE STORE  
 ON MAIN STREET.

It is our purpose to greatly increase the stock, many new goods now in transit and others are arriving daily. So you will find the kind of a store that we will have will be appreciated in Bisbee.

Our store which was started in Douglas five years ago has now become the best patronized store there. The reason being that we have ample capital to buy goods from first hands. Buy in such quantities that will enable us to secure bottom prices. Then we are satisfied with small profits and quick sales. Our motto being

Good Goods — Low Prices  
 And courteous treatment. Please call and see us.  
 Yours, anxious to please

## GOOD VISION

IS RATHER TO BE CHOSEN THAN GREAT RICHES. DR. PARMELEE THE EYESIGHT

specialist from Phoenix will be at the Copper Queen hotel all this week where he will be pleased to meet all his old patrons as well as new ones.

Dr. Parmelee is a graduate of Ann Arbor, Mich., and the California College of Optometry.

Anyone suffering with headache from eyestrain should see him at once, and avail themselves of his marvelous skill in restoring weak or impaired vision.

Having devoted all his life to the study of the eye and its function, he does not experiment.

His methods are modern and accurate. His charges are reasonable—less than you would expect to pay for expert skill, to which his many patrons will testify.

CONSULTATION FREE.

## TAILOR MADE SUITS RIGHT HERE IN BISBEE

Whatever your business may be it is certainly an important part of it to have a suit that looks right and has style and individuality. Our tailoring department gives you all these advantages. Come in and see the new Spring Suitings, we have all the new novelties and a large variety of the more staple kinds. We suggest that you try a tailor made suit this time. No chance for a misfit. Our expert tailor gives you numerous "try ons" which insures you a satisfactory fitting garment. It's a decided advantage to have your choice of suitings where there is only one of a kind. No chance for anyone else having a suit just the same as yours.

We guarantee the fabrics to be all wool — of the best quality and thoroughly shrunk before making up. If you have had difficulty in getting a ready to wear suit to fit you properly don't hesitate — but let us take your measure right away — We can please you in the fit, style, finish and quality.

## The Best Unbreakable Hard Rubber Combs

Every comb comfort is to be found in our unbreakable hard rubber combs. They withstand the ordinary wear and tear because they are constructed of the right material and built along the proper lines. Smooth and strong teeth. — Good solid backs. — Double thick teeth at each end insure greater protection. Oval finish on each separate tooth, thus tearing and snarling of the hair is prevented. Well made durable combs of extreme lightness. You will be agreeably surprised at the price and absolutely satisfied with your purchase. Fine, coarse and medium combs—25c to \$1.50

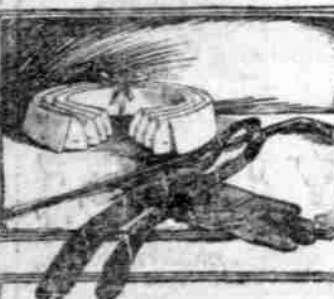

## BISBEE DRUG

Seaweed in Commerce. It is always known that seaweed contained a large quantity of iodine, but today it is used in the manufacture of a certain kind of cloth, while certain species are eaten under the names of "dulse," "stoke" and "carrageen." Kelp is burned seaweed, and Devonshire seaweed is used for a large number of purposes; therefore, the seaweed gatherers of today are in a better position than ever before.
